

MUHAMMAD ABDULLAH KHALID

BSCS Student | Machine Learning & Web Development

Lahore, Pakistan | +92 304 4200583 | abdullahkhalid166e@gmail.com

[GitHub](#) | [LinkedIn](#) | [Portfolio](#)

PROFESSIONAL SUMMARY

BSCS student with hands-on experience building and deploying machine learning models and web applications. Led a small team as ML Team Lead during an internship at Flycon AI, and currently expanding ML skills through Elevvo Pathways. Comfortable working across the stack — from Python-based ML pipelines and model deployment to SQL, web development, and cloud fundamentals — with a consistent habit of building and shipping personal projects.

SKILLS

Core Areas: Machine Learning, Data Structures & Algorithms, Web Development, Cloud Computing

ML Algorithms & Techniques: Linear & Logistic Regression, Random Forest, XGBoost, Classification, Model Training & Evaluation, Model Deployment

ML Tools & Libraries: Python, Pandas, NumPy, Scikit-learn, Streamlit

Web Development: HTML5, CSS3, JavaScript, Streamlit, Responsive Web Design, REST-based Integrations

Platforms & Tools: AWS, SQL, Git/GitHub

EXPERIENCE

ML Team Lead (Intern) — Flycon AI

Aug 2026 – Sep 2026

- Led a small team on SmartPOS ML, building multiple machine learning models, saving them, and deploying them through a Streamlit interface.
- Worked individually on the full model pipeline while guiding and supporting teammates on their assigned modules.
- Coordinated the team's GitHub workflow, ensuring all work was version-controlled and consistently pushed.

Machine Learning Intern — Elevvo Pathways

Ongoing

- Completing structured, task-based ML assignments as part of an ongoing internship track.
- Documenting and sharing completed tasks and progress publicly on LinkedIn.

PROJECTS

SmartPOS ML — github.com/AbdullahKhalid166/smartpos-ml

Machine learning project for a point-of-sale system — multiple models trained and served through a Streamlit app. Built as part of the Flycon AI internship.

Life Dashboard — github.com/AbdullahKhalid166/Life-Dashboard

Web application for tracking and visualizing personal daily-life metrics in one place.

Traffic Data Analysis — *(repository to be published)*

Analysis of traffic data to surface patterns and trends; repository to be published on GitHub.

Personal Portfolio — github.com/AbdullahKhalid166/portfolio

Personal website showcasing skills, experience, and the projects above.

CERTIFICATIONS

- Python Frameworks — DataCamp
- Python — IBM
- Internship Completion Certificate — Flycon AI

EDUCATION

Bachelor of Science in Computer Science — Lahore Garrison University

Expected 2027

CGPA 3.57
